VOL. XV GLENDALE, (LOS ANGELES POSTOFFICE), LOS ANGELES COUNTY, CAL., SATURDAY, FEBRUARY 7, 1920 133

### GRAMMAR GRADUATES

#### GRADUATES OF INTERMEDIATE AND CERRITOS SCHOOLS RE- CEIVE DIPLOMAS

The audience which assembled at Union High School Friday evening to enjoy the graduation exercises for pupils who have finished their course in the Intermediate and Cerritos Avenue schools, was such a friendly, sympathetic audience that the pleasant atmosphere was felt by all who entered the room. Promptness is the keynote of the Intermediate and Cerritos schools and the fact that the class was large, the boys and girls were on hand at the proper time and ready to respond to the march so excellently played by the Grammar School Orchestra under the leadership of Miss Brenne-man. Very sweet the girls looked in their white middie suits and silk scarfs, and the boys proudly wearing their 1920 badges upon their breasts, had an alert, manly bearing that promised well for the future.

Upon the platform were Mrs. Arthur C. Brown, President of the Grammar School Board of Trustees; Superintendent Richardson D. White, who announced the program, and Miss Eva D. Edwards, Principal of the Covina Grammar School, the speaker of the evening. Besides her address the program included: A charming chorus number, "Orchard Lullaby" (Duezza) sung by the Cerritos Avenue School Girls' Glee Club; a piano duet, "Invitation to the Dance," (Weber) by Margaret Harden and Beulah Dunbar; the vocal solo, "There Little Girl, Don't Cry," (Sobieski) sung by Ruth Hills, and some more good orchestral numbers, "Sparklets," (Miles) and "Delight Schottische" (Wheeler).

By request Miss Edwards, who  
(Continued on Page 5)

#### INVENTOR CUTLER STILL WORKING HARD

W. C. Cutler of 1327 North Louise, the well known inventor, is working now on a reamer for deep well drilling which is being tried out very successfully by one of the big oil companies. It reams out the hole below a section of casing to a sufficient diameter to allow the driving down of another section above, the blades automatically opening as the reamer is lowered to dig into rock or dirt and closing as it is lifted. It has worked perfectly at a depth of 4000 feet, Mr. Cutler says, and he considers it a success. He is working on other inventions he hopes to give forth soon. Mr. Cutler is firmly convinced that the world is in but the kindergarten stage of scientific development and that the forces developing the internal heat which increases as one digs further and further into the bowels of the earth and which he holds is due to motion of some sort down there, will some day be chained and directed by man's effort.

### A. 8 ENTERTAINS B. 8

#### GRADUATES OF INTERMEDIATE PUT ON EXCELLENT PRO- GRAM FOR JUNIORS

A very nice affair was given Wednesday afternoon at 2:30 in the auditorium of the Intermediate School by the graduates for the B. 8 class whose members will be graduated in the spring. Invitations were limited to the class mentioned, the members of the faculty, and the parents of children who took part.

Dunstan Cooper, as president of the class, presided over the meeting and announced the program. The first number was by the "Salutatorian," whom the class had chosen, Clyde Carmack, who gave an address on athletics.

The second number was a scene from "The Merchant of Venice," put on by members who have been studying the play in their English work. It was given in costume and the parts were very well taken. Shylock was personated by Lyle Archer, Portia by Margaret Kendall, the Duke by George Farrell, Antonio by Alfred Talliaferro, Bassanio by John Simpson, Gratiano by Vernon Hall.

The class poem was written and read by Dorothy Gutekunst, the class history by Margaret Holden, the class will by Cleo Redd. The prophecy was set forth by the graduates in the form of a little play. Margaret Kennedy had the honor of being valedictorian, having made the highest average in scholarship of any member of the class. The performance was highly successful and a great pleasure to all who had the good fortune to participate.

### LOSES OLD FRIEND

#### HARRY MacBAIN GRIEVED OVER TRAGIC DEATH OF BOYHOOD COMPANION

Harry G. MacBain of the Shaver Grocery Company was summoned yesterday to the bedside of an old friend, Roy H. Millens of Eagle Rock, who had met with a very common accident but was near death. He was connected with the engineering department of the City of Los Angeles and while helping to measure a section of pavement was struck by an auto driven by a foreigner who evidently was a very inexperienced driver, and his leg broken between the knee and ankle. It was the commonest kind of a fracture and would ordinarily have meant only a few weeks treatment, but from the first the attending physician gave no hope. He said that the pent-up marrow of the broken bone went into the nerves and affected the brain, a condition that occurs not once in 10,000 cases, but which is invariably fatal. The accident happened yesterday at about 9 a. m. and Mr. Millens died at 4 p. m. He was the only relative left to his mother and she is so prostrated that her death is feared.

Mr. MacBain and Mr. Millens were boyhood friends in Battle Creek, Mich., and came out to California together fifteen years ago. Mr. MacBain settling in Glendale and Mr. Millens in Eagle Rock. They have maintained the same close friendship ever since and Mr. MacBain feels that he has lost his dearest friend.

#### POULTNEY BIGELOW

Mrs. J. H. Braly and her sister, Mrs. Wells, had a very pleasant experience one day this week when Mrs. Braly accepted the invitation of her old acquaintance, Mrs. Bigelow, wife of Poultny Bigelow, to visit her in Pasadena, where she is spending the winter with Mrs. Foster, another old acquaintance of Mrs. Braly. Mr. Bigelow, it will be remembered, was an American consul to Germany for a great many years. He is a graduate of Yale and Mrs. Bigelow was an English girl. He has written several books which have been much read and has just completed another which he expects to go to press the last of the month, so Mrs. Braly reports. He has been solicited to discuss before the Friday Morning Club his impressions of Germany and the Germans, but has been too busy to accept the invitation. On account of his long residence in Germany and acquaintance with its people, he was able to be of considerable assistance to army officers and other officials during the war. He was as much astonished as anybody over the German war policy and behavior and as much shocked at their propaganda.

During their visit in Pasadena he told Mrs. Braly and her sister many interesting things about Robert Louis Stephenson, of whom he was a great friend, and with whom he once spent a winter in the Adirondacks.

Mrs. Braly has a very busy fortnight ahead of her, as she is expected to attend many functions in honor of the officers of the state organization of the D. A. R., who are here to attend the big convention coming off next week which Mrs. Braly, as regent of the local chapter, will also wish to take in.

#### DEATH OF HUGH H. FREE

At his home in Tejujua, Hugh Gil-land Free passed away February 6, 1920, at the age of 76 years. He was a native of Pennsylvania and had resided in Tejujua for eight years. He leaves a daughter, Mrs. C. W. Dean, who lived near her father in Tejujua. Funeral services will be held at the late residence of deceased at 10 o'clock Monday morning, with Rev. Wyman officiating, and Pulliam & Kiefer in charge. Interment will take place at Forest Lawn Memorial Park.

#### BIRTHDAY TEA

Mrs. W. W. McElroy was hostess at a pretty function on Thursday—one of the chain of teas which are being given for the benefit of the Tuesday Afternoon Club House fund. It was also a celebration of Mrs. McElroy's birthday, though the fact was not known to her guests until after their arrival. Her home was beautifully decorated with acacia bloom and dainty refreshments were served at the close of an informal social afternoon, her guest list including: Mesdames Ralph Meeker, Alexander Mitchell, George Bentley, M. P. Harrison, Ed Lee and a sister who is her house guest, Colla Cable, E. R. Naudain, J. F. Lilly, A. W. Beach, A. D. McCoy, R. O. Neely and William Nash.

### RED FLAG AT BISBEE

#### HOISTED DURING THE NIGHT BY UNKNOWN PARTIES OVER TRIAL COURT HOUSE

(Special Service to Glendale Evening News)  
TOMBSTONE, Ariz., Feb. 7.—A red flag flying at half mast from the court house where the Bisbee trials are being held, startled Tombstone this morning. The flag was hoisted during the night by unknown parties and was torn down at daylight under orders from Sheriff McDonald. This is the first out-cropping of the intense feeling underlying the trials. The guilty parties will be prosecuted in open court, it was announced.

### PRESIDENT OUTLINES HIS STAND

#### HIS MESSAGE READ TO DEMOCRATS IN CONFERENCE WITH SENATOR HITCHCOCK THIS MORNING

(Special Service to Glendale Evening News)  
WASHINGTON, Feb. 7.—A message from President Wilson outlining his stand on reservations to the peace treaty was read to the democratic senators at their conference with Senator Hitchcock this morning. Some of the senators in attendance said it reaffirmed the president's position opposing any reservations that would change the meaning of the treaty.

### SECRETARY LANE RESIGNS

#### HIS SURRENDER OF PORTFOLIO OF INTERIOR ACCEPTED TO BECOME EFFECTIVE MARCH 1

(Special Service to Glendale Evening News)  
WASHINGTON, Feb. 7.—Secretary of the Interior Lane has given his resignation to President Wilson and it has been accepted to become effective March 1, Lane's office announced today. Secretary Lane visited the White House this morning and it is understood he carried the resignation with him. Lane's successor has not been named.

### REVERSAL OF BRITISH POLICY

#### LONDON REPRESENTATIVES SENT TO PARIS TO URGE MODIFICATION OF ALLIED DEMANDS

(Special Service to Glendale Evening News)  
PARIS, Feb. 7.—British legal authorities, appearing before a meeting of the Council of Ambassadors today, urged a modification of the severity of allied demands relative to the German war guilty, it was understood here today. Lord Birkenhead, British Lord Chancellor, and Sir Ernest Pollack, Solicitor General, were sent from London to present the British view, which is understood to be a virtual reversal of the previous attitude of the government.

The French press was "greatly astounded" by the change of the British attitude and unanimously supported Premier Millerand's firm policy toward Germany.

### GERMANY FIRM IN REFUSAL

#### HER ONLY PROPOSAL WILL BE TRIAL OF WAR GUILTY IN TEUTON COURT WITH ALLIES REPRESENTED

(Special Service to Glendale Evening News)  
BERLIN, Feb. 7.—Germany will resist to the utmost, allied demands for the surrender of the Teuton war guilty, prominent leaders declared today.

It was officially denied that Germany will propose to the allies that the trial be held before a neutral court. Germany's only proposal will be that the accused be tried before a Teuton court at Leipzig with the allies fully represented. Government officials are constantly conferring.

"If Germany delivers these leaders, she signs her own death warrant," one leader declared today. "If she refuses this shameful demand, her enemies will again respect her."

### MRS. GERTRUDE WILSON ACQUITTED

#### MARYSVILLE JURY FIND WOMAN ACCUSED OF MURDER "NOT GUILTY" ON FIRST BALLOT

(Special Service to Glendale Evening News)  
MARYSVILLE, Feb. 7.—The jury in the murder trial of Mrs. Gertrude Wilson today found her not guilty. The verdict was reached after the jury had been out but five minutes, and was returned on the first ballot.

### LOS ANGELES HEALTH REPORTS

#### NEW CASES OF INFLUENZA AND PNEUMONIA BUT NO DEATHS REPORTED TODAY

(Special Service to Glendale Evening News)  
LOS ANGELES, Feb. 7.—The City Health Department today received reports of 198 new cases of influenza and pneumonia. Yesterday there were 345 cases. No deaths from either influenza or pneumonia were reported today. Yesterday there were six deaths.

### CARD PARTIES

#### MRS. A. A. McINTYRE ENTER- TAINS IN CELEBRATION OF TWO BIRTHDAYS

Two pretty social functions have recently taken place at the home of Mrs. A. A. McIntyre at 306 North Central Avenue, who entertained last Monday with an auction bridge party in celebration of the birthdays of her sister, Mrs. Helen Campbell, and her daughter, Mrs. Maurice Bondaux, who chanced to be born on the same day of the year. Those present were Mrs. F. B. Gonzales, her sisters, Mrs. McIntyre and Mrs. White, who are spending the winter here, Miss Dietrich from Chicago, who is also wintering here, Mrs. Frank Clark, Mrs. C. C. Cooper, Miss Annie McIntyre, the guests of honor and the hostess. Miss McIntyre made high score. Dainty refreshments were served at the close of play, which included a beautiful birthday cake bearing a candle for each honoree.

Friday members of the Foster Bridge Club were entertained at luncheon and cards by Mrs. Bondaux at the home of her mother, Mrs. George Mitchell substituted for the president of the club, Mrs. W. W. Ramsay. Others present were: Mrs. C. E. Norton, Mrs. Mabel Rudy, Mrs. J. H. Montgomery, Mrs. John Robert White, Mrs. W. B. Crocker and her sister, Mrs. Scee, Mrs. Jones and Mrs. Hilliard of Los Angeles.

#### COMES BACK TO GLENDALE AS BRIDE

C. D. Straight and wife moved Tuesday into the property they purchased of W. G. Boyd at 226 West Chestnut Street. Mrs. Straight left Glendale more than a year ago as Miss Marian Carmichael, she and her mother moving to Long Beach. There she met and married C. D. Straight, a machinist working in the shipyards. She preferred Glendale as a home, however, and finally the purchase was made and removal to this city followed as soon as possession could be secured. Mrs. Straight was for several years the faithful pianist of the Presbyterian Church, and the many friends she made there are giving her a cordial welcome.

#### BOYS ACCUSED OF STEALING ORANGES

Mrs. H. F. Fryer of 1424 Valley View Road has made complaint to the police that boys frequently invade her orange grove, pull off the fruit and either carry it away or destroy it. David Black of 1450 Kenneth Road and others owning citrus groves have reported similar depredations. Police Chief Lampert says arrests will surely be made and prosecutions follow, unless parents see to it that the boys guilty of these practices are restrained. He feels that the stigma of arrest should not attach to a boy until the parents have had a chance to take his punishment in their own hands.

#### K. OF P.

At the regular meeting of Glendale Lodge, No. 331, K. of P., on Tuesday evening, February 3, former Master at Arms Sager was a welcome visitor, having been out of the city on business for several months. W. B. Cressey and J. M. Shipman were reported sick. F. J. Willets was appointed Custodian to take full charge of renting the hall.

Eloquent talks were made by Knights Willets and Templeton and preparations were also made for the big open meeting next week, at which time the Pythian Dramatic Club of Central Avenue Lodge, No. 319, K. of P., will present a comedy entitled "School Days." Announcement was made that there would be dancing after the show.

#### LOS ANGELES FIRM OPENS BRANCH IN GLENDALE

The Edwards & Wildey Co. has established a branch office in Glendale at 139 North Brand Boulevard, in charge of Mr. E. P. Hayward, a resident of this city.

This firm has been in business for fifteen years in Los Angeles and has previously handled many subdivisions in Eagle Rock, Glendale and Los Angeles, as well as doing a large construction business in California and Arizona. The first project to be handled by the branch office will be the sale of the Kenilworth Tract in the west section of the city.

### TO BOOST NEW PARK

#### GREAT TREE PLANTING DEMON- STRATION PLANNED FOR LINCOLN'S BIRTHDAY

As will be noted in large display ad in today's Evening News, work on the new Kenilworth Park, as it is planned to call it, will be formally commenced on Thursday afternoon, Feb. 12th. With 500 men and boys to plant 500 trees and 500 women and girls to cheer them on, then assist them in disposing of 1000 "hot dog" sandwiches, enthusiasm enough will be engendered to push the project to early completion. After the refreshments are disposed of, it is planned to proceed to the probable site of the proposed swimming pool and explain the work in detail. Already one donation toward this has been made, and it will be explained that 500 men pledging \$10 each will finance the pool and assure its early completion. It is hoped the business men of the city will close stores and offices at least from 1 to 4 p. m. in order that all so desiring may attend the exercises at the new park. The men and boys are requested to bring shovels.

The great mass meeting to be held that evening in the High School auditorium is counted on to make the sentiment for the new park unanimous. Mr. Brautson will talk on the "Practical Side of the City Beautiful," Mr. Damon on "General Plans for City Betterment" and Mrs. Sloan-Oreutt on the value of swimming pools and public playgrounds in rightly directing the restless energies of the boys.

The auto camping site in the new park will be a valuable feature, as it will remove a reproach which Glendale has felt for more than a year past.

The City Trustees are very anxious that next Thursday's meeting shall be largely attended. Glendale has made many attempts in recent years to establish a park and now that the opportunity is offered they feel that it should meet with unanimous support. Of course other parks will be established as soon as opportunities offer.

#### BUILDINGS REMODELED FOR RESIDENCE PURPOSES

The group of store buildings with living rooms upstairs, just north of the Wash on the west side of Central Avenue, which stood idle for so long, are to be linked with the march of progress now so marked in Glendale. H. A. Michel bought the two furthest north, tore out one for a driveway to the garage in the rear and has made an apartment house of the other. The two south buildings are to be remodeled for residence purposes also.

#### LEO BURT NOW PHARMACIST'S ASSISTANT

Leon Burt, who has been an employee of Roberts & Echols for nearly five years and has taken lessons in night schools in pharmacy, successfully passed the examination for pharmacist's assistant recently and now has his license. After five years' service as an assistant he will become a registered pharmacist.

### BIRTHDAY FETE

#### MRS. FREDERICK CLARKE SUR- PRISES HER HUSBAND WITH SPANISH DINNER AND DANCE

Mrs. Frederick Clarke of 351 Oak Street was hostess at a smartly appointed surprise Spanish dinner and dancing party Tuesday evening for her husband in celebration of his birthday. At 6:30 the dinner was served at small tables decorated with marigolds, which beautifully carried out the Spanish color note. Hand-painted place cards, made by Master Billie Justema, pictured senoritas and caballeros. A program of Spanish songs was contributed by Mrs. George Evans, and guitar numbers by I. A. Garcia.

Following the dinner, tables were arranged for Five Hundred and the floor was cleared for dancing. Mr. and Mrs. Harry Miller were the fortunate winners of the card prizes for high scores.

Los Angeles guests who enjoyed Mrs. Clarke's hospitality were: Mr. and Mrs. George Evans, Mr. and Mrs. Harry Miller, Mr. and Mrs. G. Sutherland, Mr. and Mrs. I. A. Garcia, Miss Meta Harms. Glendale guests were: Mr. and Mrs. W. Justema, Mr. and Mrs. Edgar Hitchcock, Miss Gladys Justema, Dwight Stephenson.

### EL RETIRO

MRS. C. L. PECKHAM TELLS OF POSSIBILITIES OF THIS NEW INSTITUTION FOR CARE OF GIRLS

As one of the thirteen who represented the "Glendale Mutual Benefit Reading Circle" at the P. T. A. Federation held in the Broadway Auditorium Thursday, January 28, 1920, I had the privilege of hearing Dr. Van Walters of the Juvenile Court say, in connection with the El Retiro organization of Juvenile Hall, that "it was an association of child welfare where common sense and prevention were its foundation."

El Retiro has sixty acres in the San Fernando Valley. The buildings cost \$10,000, and there are seventy-five persons employed. El Retiro comes under the head of County prevention work and probation control. Juvenile Hall has a superintendent who receives \$90 per month, and a utility and school teacher who receives the same. They have a board of education, and a main building which contains a recreation room and twelve smaller rooms, which we decorated beautifully, and are used for the girls' bedrooms. The idea is to uplift the girls with beautiful thoughts and ideas so as to make them better citizens.

It also has 22 canvas cottages about the grounds, and ten nurses are employed. There are baths, lavatories and laundry, also a girls' dining room for 75. The cottages are not complete yet, but when finished will house 50 girls. El Retiro is a refuge for girls who are willing to go so as to get away from bad surroundings, and wish to lead better lives; perhaps the mother has been immoral and they wish to make good. The requirements are that they must be free from infectious diseases, have sound lungs and are not anemic. These girls are of normal mentality. At present ten of the twenty-three were victims of dance halls and were very ignorant. These girls are many of them problem cases and have come from homes which are socially unfit.

The proposed program of El Retiro is to complete their schooling, and they are trained to live right and take care of their health, also to be self-respecting and give expression to their thoughts and opinions. The older girls train the others. There are six on the County payroll from \$5 to \$15 per month. The girls have a full school day and they want to be self-supporting, and will be in about three years, by selling their basketry, fancy work, etc. They love garden work and raising bulbs. There is no limit as to the age of the girls when they leave. When they have a bank account and have prepared their clothes they can go out into the world and mix with others and will be better citizens for having been at El Retiro.

A dependent costs the county \$1.40 per day, a sick girl in the hospital, \$1.72 per day, and a feeble-minded girl \$2 per day.

El Retiro has five officers: President, vice president, secretary, treasurer and chaplain.

These girls need just a chance to be good; they need a friend and some encouragement to do right. Dr. Van Walters suggested that some of us take a girl to visit our home or write to her and be a friend in that way, for she is hungry for good companionship. The most promising case they now have is a colored girl whose mother was immoral and she was hired by a woman who left her home in the afternoon to return at 2 a. m. and found the girl gone. El Retiro took her and she is now vice president and has a bank account of \$58 and can go out into the world and be a part of the community in which she lives.

Wednesday and Thursday evenings are open to visitors, and Dr. Van Walters made an urgent plea for the people to visit them, as they are a part of the public, and they want you to be a part of them.

Mrs. C. L. Peckham.

### CERTIFICATE OF BUSINESS Fictitious Firm Name

The undersigned do hereby certify that they are conducting an automobile business at 217 East Broadway, Glendale, California, under the fictitious firm name of Overland-Glendale Motor Company, and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

A. B. Lawrence, 217 East Broadway, Glendale, Cal. Residence, 160 North El Molino, Pasadena, Cal.

Witness my hand this 30th day of January, 1920.

A. B. LAWRENCE.  
STATE OF CALIFORNIA, )  
( SS.  
COUNTY OF LOS ANGELES )

On this 30th day of January, in the year nineteen hundred and twenty, before me, A. C. McCall, a Notary Public in and for said County, residing therein, duly commissioned and sworn, personally appeared A. B. Lawrence, known to me to be the person whose name is subscribed to the within instrument and acknowledged to me that he executed the same.

Witness my hand and official seal.

A. C. McCALL,  
Notary Public in and for  
said County and State of  
California.

### CLUTCH EFFICIENCY

CLEVELAND SIX HAS DRY PLATE, SINGLE DISC TYPE

The operating efficiency of a motor car is primarily dependent upon the motor, and second in importance is the clutch, because it transmits the power from the engine and at the same time cushions that power in picking up a load.

The development of the dry plate, single disc type of clutch, as embodied in the smart new Cleveland Six, is the final successful result of the efforts of eminent engineers to perfect a clutch combining simplicity, ease of adjustment, smoothness of operation and capacity to do its work uncomplainingly at all times.

A dry plate disc of the Cleveland Six type is locked to rotate with the flywheel by gradual pressure between two asbestos rings, thus driving the clutch shaft that carries power to the transmission. The pressure is brought to bear on the drive disc by the positive lever action of three arms, or bell cranks, which virtually act as wedges, the wedges being forced into place by the thrust of a clutch spring.

Its action is very similar to that of a door check that positively closes an open door, but softly, without permitting it to slam. The grip, however, is so positive that the car may be brought from rest to city speed within 30 or 35 feet, without any jerk whatsoever in starting.

When a clutch on a car starts grabbing and stuttering, it indicates inefficient clutch action, causing the car to jump and shake as the clutch is let in. This terrific strain and shock to the transmission and rear axle soon shows in looseness clear back to the rear wheels, and is sure to cause serious trouble in time.

### TO BE A JUROR IN LONDON

In the city of London a juror must be a householder or occupier of premises, and must possess property to the value of five hundred dollars.

Peruvian farmers enjoy rare opportunities to fertilize their lands. Off the coast of Peru is a group of islands containing guano deposits that form a valuable fertilizer for the soil on which sugar cane is grown.

### \* ANGELS BEYOND DOUBT

Not all the child stories about the war are English. There is a fair supply of them in the German magazines. This is one of the best:

A German mother read out of the newspaper in the hearing of her little daughter that the Germans had beaten the left wing of the French.

"Mother," asked the child, with an earnest look in her eyes, "are the French all angels?"

"No, child; the contrary. But what makes you think so?" said the mother, astonished.

"Because," answered the child, "you said the Germans had beaten the French on the left wing."—Manchester Guardian.

### PRETTY POLLY

"Polly, want a cracker?" "Why, yes," answered Polly as she plumed her plumage and neatly brushed out her cage with her portside wing. "Now that the war is won and the necessity for food conservation has been reduced to a certain degree, I feel that I may indulge in my favorite dish without serious damage to my conscience."

And the wealthy munitions worker who overheard the remark bought her on the spot for \$1000 cash, saying that she should be surrounded with luxuries for the rest of her days, yea though she lived to be as old as the mother-in-law joke.

Note—Gentle readers who look for a moral to this particular piece of patriotic persiflage will please try to bear up under the disappointment. There ain't none.—Indianapolis Star.

### THE WHITE ELEPHANT

A good many persons have, no doubt, got a wrong impression of the Siamese white elephant. He is not pure white, as is generally supposed, but is a sort of Albino among his race. He is a very light gray, but never a pure white color. Outside of this, he is little different from the rest of his race.

### CHINESE LOGIC

A merchant of Shanghai offered five pounds of tea for \$2 and ten pounds for \$5. When the tourist told him that was ridiculous, the Chinaman answered that the more a man buys the richer he is, and the richer he is the more he can pay.—Boston Transcript.

### MEN DIFFER

What is one man's automobile is another man's juggernaut.

## The Overland 4

—is considered by one of America's foremost automobile builders, Henry B. Joy, formerly president of the Packard Motor Co., of Detroit, to be the most advanced piece of engineering developed during the war. He is driving an Overland 4 Sedan, and says that it is a constant delight.

We have one for immediate delivery and will be glad to demonstrate its remarkable riding qualities, whether you buy or not.

—like  
a  
Mill  
Wheel

As the mill wheel depends upon the swift current of the flowing stream for its power, so does the Prest-O-Lite Green Seal Battery depend upon the acids and chemicals installed to give it life. When the river is dry, the mill wheel is inactive, useless, powerless. The Prest-O-Lite Green Seal Battery comes to us lifeless—like the mill wheel without water—without the acids and chemicals that are a battery's life. These vitalizing fluids are not installed until the battery is placed in your car—hence it can't be "three-to-six months worn out" when you get it. Until then it can't deteriorate as there is nothing in it to work on the plates. It is actually *made* the day it is put in your car.

*—the Prest-O-Lite Green Seal Battery Is Made The Same Day You Put It In Your Car—*

Our service station is at your service—regardless of what battery you carry. We will show you what real service is. Give us a trial.

## Announcement To Automobile Owners

We have recently taken over the repair shop formerly conducted by J. G. Armstrong.

We are adding more and better equipment and will be better prepared to take care of your needs.

We are experienced in the auto repair business and employ none but expert mechanics. We have been specializing on Chevrolets for the past year and a half.

We make our prices right and guarantee satisfaction.

THE UNIVERSAL CAR

## Surest Thing in the World

Two and two have always made four. There would not be more than three million five hundred thousand Ford cars in daily service—which is just about one-half of all the automobiles in America—if the Ford, as a reliable motor car, did not meet the demands of all classes of people everywhere and under all circumstances.

Two and two have always made four. If the material, the iron and the marvelous Vanadium steel used in the construction of the Ford chassis, were not of the highest quality known to the science of Metallurgy, then the Ford car could not have won its world-wide reputation for reliability.

Two and two have always made four. When replacements and repairs are required on Ford cars, the Ford owner will be wise in bringing his car to our place, because we use only the Genuine Ford Parts, and we have the Ford skilled mechanics, and all the Ford knowledge that goes to maintain the high standard of quality which is original in the Ford car.

When you want a Ford car or a Ford truck, and when you want repairs or replacements for the same, we earnestly solicit your business, assuring you of prompt attention, real Ford service, and economical Ford prices.

Insist on Genuine Ford Parts

### FORD STORES

GROCERIES ARE SOLD AT COST  
TO EMPLOYEES OF FORD  
PLANTS

In order to assist the men and women working in Ford plants to reduce the present high cost of living, the Ford Motor Company has established three stores from which groceries and other necessities are sold at cost. One store is located at the Ford Blast furnace where 15,000 are employed, one at the Fordson Tractor plant which employs approximately 5000 and the other is at the parent plant of the company where 55,000 are now employed.

In the main store, which is at the Ford plant, the stock consists of a line of staple groceries, meats, medical supplies and workmen's clothing. The stores are organized along the cash and carry plan and the customers bring their baskets to save the expense of wrapping the articles. Expense is held to a minimum. Customers enter one door, pass along the counter, choose their articles, pay for them and leave through another door. While the saving varies, it easily averages from eight to 20 per cent. These stores were created expressly to reduce the present cost of living necessities to Ford employees, but no customers who are not Ford workers are turned away as yet.

The Ford stores are as yet in an experimental state and to just what point they will progress is not known at this time. However, Ford officials say that they were established to reduce the cost of necessities to the Ford workmen and that it is intended to do as much as possible to accomplish that purpose.

Unless immediate steps are taken to save it, the great Sheephead Bay Speedway, king of American speed bowls, will be dismantled and lost forever to motor racing before the spring season opens. For some time past it has been known that the speedway was a "white elephant" on the hands of its owners.—Motor Life.

### REPAIR SHOP CHANGE

J. G. ARMSTRONG SELLS TO W. A. SMITH AND W. W. INGRAM

Two experienced automobile repair men have just taken charge of the Armstrong shop in the rear of the Cleveland and Chandler agency at Brand and Harvard. Mr. Armstrong being called to the State of Washington to look after some timber interests in that section.

If experience is any indication of efficiency these men will be able to take care of any repair work that comes their way. Mr. Ingram began repairing autos when the Pierce-Arrow people were turning out one-cylinder machines. Mr. Smith has been engaged in the same kind of work in and around Los Angeles for the past eleven years. They both expect to move to Glendale when they can find suitable accommodations.

### ANTI-THEFT LAW

OHIO TO ENACT RIGID LEGISLATION FAVORING MOTORISTS

The Ohio State Automobile Association will insist upon the enactment of a rigid anti-theft law.

This bill will not only be aimed at the habitual automobile thief who with criminal intentions steals a car for commercial profit, but also at the joy rider who merely "borrows" a car from the curb for a joy ride party and leaves it in the ditch on a country road to be found by the owner a few days later in a badly damaged condition.

The law proposed by the Legislative Committee of the State Association will have real teeth in it. It will not be left optional with the pussy-footing, politics-playing judge to suspend sentence or parole a well-known thief merely because he has political influence.—The Ohio Motorist.

### FRENCH "BULLET" SENT TO U. S. A.

The eight-cylinder Ballot car, with which Rene Thomas broke the Gailon hill-climbing record, has been shipped to New York. It is understood that this car, which has a maximum speed of 125 miles an hour, will be made use of for establishing straight-away records in America. No driver is being sent from France, it being understood that some American will be put at the wheel of this car.—Automotive Industries.

The practical joker, to use a modern American expression, is a poor fish. The town of St. Clair has signs posted at the limits warning motorists not to exceed a 15-mile speed. Some bright wight came along and changed the figure 1 to a 7. Then somebody tried to do 75 miles and got caught. Of course, this attempt was foolish, but some people insist on believing in signs. An explanation to the judge saved paying a big fine.—Detroit Motor News.

### Standard Makes of Tires at Reduced Prices

We have on hand a quantity of standard makes of tires that we are able to offer you at a discount.

If you will need tires this spring or summer it will pay you to investigate, as these tires are all firsts and are guaranteed 6000 to 8000 miles.

**A 10 Per Cent Reduction on Retreads**  
for the rest of this month. Workmanship and material guaranteed.

By purchasing Gasoline Books you can save on your gas and oil purchases.

## MARSHALLTOWN, IA., PEOPLE VISIT GLENDALE FRIENDS

It has been said that more people have come from Iowa to Southern California to live than from any other state. And it seems that more are here from Marshalltown than any other Iowa city. Archie Parker says that more than 100 ex-residents of that city, including himself and wife, reside in Glendale. Many more have come this winter to enjoy California's wonderful climate and during the past week a number of them have motored from nearby cities to call on old friends here. This morning H. G. Brontrill, F. G. Benedict, Mr. Crabtree and Mr. Rogers came over from Pasadena, where they are wintering and shook hands with men they knew "back home." Mr. Norris, publisher of the Marshalltown Evening Times-Republican and president of the Lenox Furnace Co., T. I. Wasson, vice president of the Lenox Furnace Co.; Mr. Lawrence, president of the largest bank in Union, Ia., have been guests with their families in the home of Mr. Parker during this week. Mr. and Mrs. Wasson have leased until May 1st a large residence opposite the Wrigley residence on Orange Avenue, Pasadena. Mr. Brontrill and Mr. Benedict were competitors of Mr. Parker in the dry goods business in Marshalltown years ago and to show that they bore him no enmity each purchased a big bill of groceries from their old friend. All of the men named above are accompanied by their families and brought along their expensive cars.

Mr. Parker relates that at a dinner given recently in Temple Auditorium to Marshalltown people now living in California more than 200 were present and at an evening meeting held not long since in one of the Congregational churches of Los Angeles for the general membership more than 60 former residents of Marshalltown stood up when called on.

Every one of these old friends he has talked to has expressed a determination to move to California just as soon as arrangements can be made, Mr. Parker said.

## DOINGS AT BROADWAY SCHOOL

Graduates from the Broadway School, members of the A. 6 class enjoyed a treat of dainty refreshments provided and served Friday afternoon by members of the Broadway P. T. A.

On Tuesday afternoon Mrs. Francis Wilkinson of 132 South Adams, known as the "Room Mother" of the third grade, charmingly entertained mothers of pupils in that room and its teacher. The ladies brought tea towels, which were hemmed in the course of the afternoon and donated to the P. T. A. for use in its hospitality stunts. The needs of the school and the work of its P. T. A. furnished topics of conversation and plans were made for the raising of a fund with which to equip the new playground. The ladies also had the privilege of meeting Mr. Wilkinson's mother, who has recently arrived from England and who is a guest in his home.

Thursday afternoon Mrs. J. E. Phillips of Adams and California avenues provided a delightful afternoon for the mothers of the pupils in the sixth grade. Mrs. Ryan, the principal, was present, also teachers of the hostess' children, who are in the fourth and second grades, viz: Miss Speik and Miss Sparks. There, too, plans were considered for the equipment of the playgrounds on which the mothers of the sixth grade pupils intend to concentrate their energies. Delicious refreshments were daintily served at the close of the afternoon.

## HAPPINESS

Oh, happiness is very good! Better than air, better than food, Better than wings that bear on high The air-ships in the sunny sky!

Stronger than tonic of the sea It sings its bracing melody. Like violets scattered on the sod, It brings the very breath of God.

mination to move to California just as soon as arrangements can be made, Mr. Parker said.

## Personals

E. S. Williamson, Y. M. C. A. secretary for the Glendale district, has moved from Windsor Road to 340 West Elk Avenue.

Wm. Van Osdoll and family moved Thursday from 612 East Elk Avenue to the property they recently purchased at 347 West Elk.

W. G. Boyd and wife have moved to 506 North Kenwood and will occupy the garage recently completed until the new home can be finished.

J. H. Rowe and wife moved Wednesday from 347 Vine Street to the house they are completing on South San Fernando Road, just below Park Avenue.

Mrs. Fred Pyle of Chicago is visiting her husband's mother and brother, Mrs. Theodore Pyle and J. C. Pyle, at their home at 108 East Chestnut Street, this city.

Miss Eva D. Edwards, of Covina, who made the address at the graduating exercises of Class A. 8 of the Intermediate Friday evening, is the week-end guest of Miss Gladys Sharpe.

Rev. R. W. Mottern displayed his versatility yesterday by donning the uniform and going behind the counter at Chaffee's grocery to help them out in a sudden shortage of help. He followed this occupation in his younger days.

L. A. Perkins, H. Grocenen and W. Tupper were registered at the U. S. Grant Hotel in San Diego early in the week and they undoubtedly took in all the attractions of the border city and its neighboring communities.

Mr. and Mrs. Silliman and Mrs. Higgs of San Antonio, Texas, were guests in the home of Mr. and Mrs. John H. Braly on Thursday and are so much pleased with Southern California that they will probably buy a home in Los Angeles.

Mrs. Ada Hunter, her daughter, Mary, and son, David, moved Wednesday into the house they recently purchased at 431 Vine Street of H. G. Van Oven. They moved there from 149 South Pacific, where they lived a few months after coming here from Quebec Province, Canada.

Mr. and Mrs. M. J. Hosack and two children who have been visiting Mr. Hosack's mother and sisters at 703 East Harvard Street, Glendale, for several months, returned Friday to their home in Pittsburg. Their visit has been a great comfort and pleasure to Mrs. Hosack, who is in frail health.

Dr. Edward Alford and wife of Waterloo, Ia., now staying at a Los Angeles hotel, will be Sunday guests in the home of A. M. Parker, cousin of the doctor. They are here on a vacation and are so pleased with California that they are determined to come out here to live. Welzer Dickson and family of Marshalltown, Ia., have been recent guests of the Parkers.

Mr. H. H. Chapman has sold his property at 632 North Louise Street to a Los Angeles family, who are moving in today. Mr. and Mrs. Chapman have bought the fine home of Mrs. Mudgett, corner of Campbell and Dryden, and will make some fine improvements on same. Their motto is: "Beautify the corner where you are."

David Embree and his daughter, Mrs. Dodge, are moving today into their new home at 347 Vine Street. They came to California from Colorado and lived for a few weeks at 912 Randolph until that place was sold, then moved to Ingewood. They were so favorably impressed with Glendale, however, that they concluded to buy and locate here permanently.

Mrs. J. S. Baird, who with her husband, came from their home in Winterset, Ia., to spend the winter with her son, A. L. Baird and wife, of 338 North Jackson, returned yesterday from Westlake hospital where she was taken three weeks ago to undergo an operation for gall stones and appendicitis. She is able to sit up most of the time, and considers she has made a remarkable recovery for one who has reached the sixty-fourth milestone.

## PILGRIM MEMORIAL FUND

Dr. Willisford of the Glendale Congregational Church will speak at La Canada Sunday morning and at Norwalk Sunday evening in the interest of the Pilgrim Memorial Fund.

Friday evening Mr. Willisford went to Los Angeles to attend a meeting of the commission, of which he is a member, which has charge of the canvass for Southern California. Although only three weeks of the proposed seven weeks' canvass has passed over \$80,000 of the desired \$154,000 for the Southern California Congregational Conference was reported raised.

In the country, at large the goal of \$5,000,000 has been already passed. It is now thought by the time the canvass is completed the sum of \$8,000,000 will be reached. The money of this fund will be invested and the interest accruing from the same will be used to help provide annuities for retiring ministers.

## Be Wise

Do you want your burdens to be as great when you grow old as they are in middle life? Of course you don't. Then adjust the balance between the present and the future by applying the excess of the PRESENT income to the guarantee of the FUTURE income.

This is the basic principle of level-premium insurance. You assume a little extra burden "over here," while you are young and strong, to save yourself "over there," when you may be unable to bear it.

Every deposit you make on an Endowment Policy you are storing up in an absolutely safe place for use in time of need—either at your death or in old age.

Let me persuade you to increase your deposits or to begin making them if you are not already doing so. "There is no substitute."

**W. B. KIRK**

## "Mysteries" of the Bible

This is a part of the study in Ephesians that is proving to be exceedingly interesting and profitable. Be there at ten. Leave when you get ready.

## GUILD MEMBERS ENTERTAINED

Thursday afternoon about thirty ladies who are members of St. Mark's Guild and a few who are not members, were entertained at the home of Mrs. Le Roy Bosserman. One representative of La Cresenta was present, four from Eagle Rock and Mrs. Weeks of Pro Cathedral, Los Angeles, one of the County Mission workers, was a guest and gave a most interesting report which showed that St. Mark's through the Bishop's Guild had contributed \$125 to county mission work. Other reports made by officers of the local guild were most encouraging, and enthusiasm was aroused by the announcement of plans for the bazaar to be given Easter week.

One of the important facts brought out by Mrs. Weeks is the apportionment to this diocese of \$30,000 for Armenian relief. In this work the St. Mark's Guild pledged its help. At the close of the afternoon simple but dainty refreshments were served by the hostess, and a silver offering was taken.

## GRAMMAR GRADUATES

(Continued from Page 1)

served abroad for many months in the war zone as a canteen worker with the Y. M. C. A., appeared in her uniform, which was most becoming and which met the entire approval of the audience. She attempted no lofty flights of oratory which would be above the heads of her boy and girl auditors, and began by commenting upon "uniforms," and the fact that they usually stand for something which carries obligations and ideals which the wearer must live up to. While this applies to the uniforms of soldiers and war workers, it also applies, she declared, to the uniform of the school girl—the middy suit. She commented on the splendid spirit of the American boys we sent overseas, saying:

"I learned that the finest thing in the world is the American soldier—the American enlisted man. My work was with the 'non-coms.' We saw them lined up with the men of almost every other nation, and never did see the men of any other nation or any part of any other nation who would come within any sort of range of the boys we sent from America to Europe. In all my work abroad I have no memory of anything except the memory of loving respect for the American woman, and it was a beautiful thing to see. I do not believe you women of America realize the extent to which you have been idealized by these boys. To hear them talk you would imagine there wasn't an imperfect woman in all America. But there was one who was mostly highly idealized, the most popular girl of America, of whom we talked every day, and she was Miss Liberty, the girl we all wanted to see so badly in that last long year.

"It seems to me a wonderful thing to be an American boy or an American girl when so much is expected of you. The girl must be strong of body and spirit, purposeful and carry with her always a merry heart. She must be unspeakably kind and immeasurably self-contained."

She declared if the girls would thus live up to the ideals cherished in the hearts of the American boys, we need not worry about the response the boys would make when called upon to do great deeds.

She then gave a most entertaining and intimate account of her personal experiences in getting to her post of duty from New York to Toul, France, via Liverpool and Havre, and of the amusing makeshifts they employed to lighten the hardships and the spirits of the soldiers. This was closely followed with frequent laughter and applause by the students and their friends.

Her prophecy of the fine work yet to be done by the class of 1920 in High School and perhaps in university contained some sly digs at the boys and girls who have just slipped through and who have depended on luck rather than study to keep their places in the ranks, the girls who have paid more attention to the outside of their pretty little heads than to the inside and who are going to wake up to the realization that there are other things much more worth while. "You have just reached the transfer," she said, "and some of you have just caught the car, but don't be willing to be just a straphanger. Stand on your own feet, not on the feet of some one else. Be a leader and not a follower."

In the friendly, affectionate speech which Mrs. Brown made as a preliminary to the presentation of diplomas, she declared that Miss Edwards had said most of the things she intended to mention, and said them much better than she herself could have done. She said:

"Your teachers have not been instructing you in simply mathematics or history. They have been teaching you how to solve the problems of life as they come to you. I have been thinking about your entry into the High School and I am sure the school will be a lot better in spirit because you are here and because of the ideals you will bring to it, because you will be doing the right things and the things that will help some one else and not your own selfish interests. We believe in you."

Following is the list of graduates:

Intermediate School—Sarah E. Allen, Lyle Earl Archer, Emily C. Bellue, Clarence Francis Blanchard, Howard Brummel, Ruth Bullard, Floyd C. Carmack, Ruth E. Caldwell, Dunstan Holden Cooper, Charles Davis, Georgina Donecken, Beulah Deane Dunbar, George F. Farrell, Dwight D. Fisher, Henry D. Ford, Virgil Sanford Geyer, Carl Nash Gilman, Harvey T. Gillett, Valma Lucille Goss, Dorothy E. Gutekunst, Margaret Harden, Marguerite Kendall, Margaret McLanahan Kinney, Barney Mathers, Harlan Miller, Bartel Monsello, Vernon Paul, Alice A. Pratt, John Power Pursell, Cleo Helen Redd, John L. Simpson, Olive Swenson, Charles Alfred Taliaferro, Charles William Tummel, Paul W. Tyrrell, William T. Wayman, Margaret M. Wilson.

Cerritos Avenue School—Ruth E. Goldsborough, Ruth Hills, Dorothy C. Koepke, Helen M. Neel, Ramona P. Ryan, Charline Sebastian, Donald B. Tyler, Charnley McComb.

## OBITUARY

Mrs. Lawson, who with her husband had been living on Melrose Avenue, North Glendale, passed away at 7:40 o'clock on Friday morning, February 6th, after a long illness. She had been totally blind over seven years, brought about by a stroke of paralysis. Her health gradually declined—rapidly the past year—until Christmas last, when she had another severe stroke. Since then she had been practically helpless, and much of the time unconscious. Her faithful husband, a veteran soldier of the Civil War, tenderly and lovingly cared for her all these years and months with very little help from outside. Mrs. Lawson, formerly Miss Wiley, was born in Missouri, near St. Louis, May 13, 1843, and became the wife of Mr. John Lawson in July, 1861. To this couple were born eight children—four sons and four daughters—only one of whom, a married daughter living in Missouri, survives. She and her husband were for many years members of a Christian Church in S. W. Missouri. They came to Southern California (the second time) some three years ago. One year they lived in Sawtelle, and the last two in North Glendale.

Her remains were laid to rest this afternoon in Forest Lawn Cemetery, the funeral services taking place in the Jewel City Undertaking Parlors, conducted by Rev. Julius Soper, who from time to time, visited the Lawson home during the past year and a half, and rendered the departed one spiritual help and consolation, which she and her husband greatly appreciated. She was a good woman and loved the Word of God.

## WHO WANTS BOLSHIEVISM?

High tide always comes after the moon, which raises it, has gone by. Perhaps it is just as natural that the high tide of resentment against disloyalty and violent radicalism should be at its height now, when the really critical occasion is past. Certainly a calm, open mind will hardly perceive any crisis in American affairs today. The Reds, of course, are still making whatever trouble they can; but are they really doing much except getting on the country's nerves?

Every time it has come to a showdown, anywhere in America, what has happened to the Reds? If they start a demonstration on the streets of any city, the population rises en masse and wipes the earth with them. If they try to carry an election of any importance—except in Milwaukee—they are swamped by the conservative vote. If they start a big strike, the strike fails from lack of public support. Hardly anybody will listen to their speeches, hardly anybody will read the stuff they write. They are a small and though vicious, still a futile minority.

Just take a little inventory—any intelligent citizen can do it, off-hand.

The capitalists do not want this mess of radicalism that we call variously by the names of Socialism, Anarchism and Bolshevism.

The "bourgeois" or middle-class, including professional people and well-to-do folk generally, does not want it.

The great farming class does not

want it. Who, then, does want Bolshevism? Among citizens, only a handful, mostly foreign-born "roughnecks" of the I. W. W. type or crack-brained "parlor Reds." Along with these, a few thousand aliens who are troublesome, but who can be dealt with, and are now being dealt with.—Long Beach Telegram.

The California Highway Commission did not act on several bids for highway construction, including one for an eleven-mile section, between Coalinga and Lemoore. It is not probable that any further work will be awarded or undertaken by the Commission until some method is found for disposing of the new bonds which bear only 4-1-2 per cent interest, while the market requires 4.65. The Commission is putting all of its time at present co-operating with the fiscal agents of the State and the Attorney General's office in seeking a solution of the money problem.

## We Want You to Ride Thousands Praise This New Car In the Essex

The Essex is being advertised by what people say who have tried it—not by what we claimed. That is why we ask you to ride in the Essex and see for yourself what it will do

The qualities in the Essex which appeal most are those very qualities that are most attractive in the light, cheap car and those of the large, costly one. They are comfort, riding ease, endurance, and elegance at a moderate cost for purchase and operation.

Ask any motorist what he thinks about the Essex. His answer is sure to be more enthusiastic than anything we have said. We have tempered all our claims. We knew how strongly the Essex would speak for itself.

**Every Essex Sales Room Now Holds Motordom's Interest**

Essex popularity is not limited to any one city or locality.

People instantly admire its beauty. They speak of the detail and care with which it is finished. They note its lines and talk of features they have never seen on any but costly cars. Such are their observations.

But their real enthusiasm comes when they return from a test ride. They are not prepared for such easy riding qualities over rough cobblestone streets and worn-out pavements. The Essex does not pitch its passengers about. It remains rigid and firm and free from rattles and squeaks no matter how rough the service.

The Essex is demonstrated on the boggy hills used to prove climbing ability by high-powered and costly cars. Speed is shown over the same course that fast cars are demonstrated. Passengers are told to hold their watches on the speedometer to note the quickness of Essex acceleration.

These are things you will observe when you ride in the Essex. We will arrange for a driving appointment at your convenience if you will let us know.

## STAMPEDES MARKET

PREST-O-LITE FACTORIES BE-  
ING TAXED TO CAPACITY TO  
SUPPLY DEMAND

So many Prest-O-Lite Green Seal batteries are being sold today as a result of its huge success and intensive advertising campaign that the factory is seriously taxed to keep up with the ever-increasing demand.

"The new principle upon which the Green Seal battery is manufactured and distributed is so simple and obvious," said Mr. Blix, local sales manager, "the wonder is, not in its instantaneous success, but in

the fact it was not done earlier in the game. Eventually it will revolutionize the entire battery business.

"It is a well known fact among motorists that deterioration of the component parts of a battery is caused by the action of the acid upon the electrodes or plates of the interior. The Prest-O-Lite Green Seal battery is made dry at the factory and shipped assembled ready to receive the acid and charge for the first time at our service station the day it is connected up. Compare this with the old style storage battery that is fully made and charged up the day it leaves the factory. Perhaps it is one month in transit out

here and lays on the dealer's shelf from three to nine months before it is purchased.

"During all this time the action of the acid upon the plates of the battery has caused deterioration. That battery is from three to nine months 'worn out' the day it is put into the car, supposedly new."

Throughout the United States the "Green Seal" Prest-O-Lite battery has virtually stampeded the battery market, according to reports coming to local dealers.

Advertise in the Evening News.

## VISALIA TO SEQUOIA PARK LINE HIGHWAY

The California Highway Commission at its meeting in Sacramento formally adopted the middle fork road from Three Rivers to the Sequoia National Park. Reports by the Division Engineer show that this line is five miles shorter and has four miles less grade than the present road up the north fork. Furthermore, the National Park service is preparing to construct a road to connect with the middle fork terminus leading into Sequoia National Park by a much shorter and easier road than the present one.

## PAVE OLD TRAIL

ARIZONA UNDERTAKING IMPOR-  
TANT ROAD CONSTRU-  
IN MOJAVE COUNTY

The Arizona state highway department is calling for bids for the construction of the state highway between Oatman and Gold Roads, which is a part of the Old Trails highway extending across the northern part of Arizona. This is the first of a number of projects to be undertaken in Mojave county, the others being the construction of a bridge across the Colorado near the mouth of Grand Wash and the construction of a portion of the Arrowhead trail, which, when completed, will extend from Los Angeles to Salt Lake City by way of Kingman. Construction of the bridge and of the Arrowhead trail will be partly paid for out of appropriations made by the legislature in 1919. The other work contemplated will be handled by the state highway department in co-operation with the highway commission of Mojave county, using the proceeds of a bond issue recently voted.

## UP TO YOU, JUDGE

There were 10,500 deaths from automobile accidents in New York State for the first eleven months of 1919. This eclipses the death toll in Los Angeles for the same period by a few thousands, but the latter city has had its share, and now its officials are "fed" up on the recklessness and petty carelessness of its motorists and pedestrians.

What was, is and can be done about it? How would you go about it to stop your friends from being careless drivers? Pretty ticklish question, isn't it? You could get mad enough to beat them up—you could notify the police to watch 'em or you could have a heart-to-heart talk with them which might or might not do any good.

That is just the position that the authorities were in when they considered checking the traffic accidents and fatalities of Los Angeles. Officials of the Automobile Club of Southern California, representing the largest organized body of automobile owners in America, decided that they should step into the breach and act as the "friends" of those benighted drivers who reeked not of the trail of trouble they left in their own dust. A thankless job, but one for which the responsibility had to be assumed by some one.

It was determined that a psychological elimination of certain well-grounded features of recklessness in the mentalities of the offenders could be accomplished by implanting a negative in their consciousness. Therefore Club experts selected a list of 100 "don'ts" for publication in the daily press. Each "don't," if followed by a reckless driver would eliminate one chance for an accident, and if he followed all of them, 100 types of accidents would be erased from his curriculum. Statistics have not yet fully shown the result.—Touring Topics.

## "The Packer & White Auto Company Salesmen Are a Live and Enthusiastic Bunch"

A Glendale man was heard to remark the other day. They have a right to be. They can deliver the goods. They have implicit faith in the cars they sell. They make no mental reservations when they tell a prospective buyer they represent the best cars on the market.

When our salesmen tell you the **Studebaker** is above every other pleasure car in its class that has ever been made they know they are telling the truth. They can say it wholeheartedly and look you in the eye while they say it. They do grow enthusiastic when they begin to talk of the grace of line, the perfect mechanism and the wonderful performance of the Studebaker.

When they tell you that the **Moreland Truck** is the best truck ever built to meet Western needs they know exactly what they are talking about. They know the history of the Moreland Truck since its inception eight years ago, and they know it has made good in every situation and under every condition to be found in this Western country. That is why they are proud to represent it.

When they tell you that the **Reo Speed Wagon** is the best light weight truck made they are perfectly honest. They know its low operating cost and its great speed make it practicable for farmers and others for deliveries up to a ton and a half.

**WHY SHOULD OUR SALESMEN NOT BE LIVE AND ENTHUSIASTIC?**

## OUR SERVICE DEPARTMENT

is a feature of our business in which we take great pride. We employ only experts and this department has grown so rapidly and to such proportions that we are planning to double our floor space for this work.

## GOOD SUGAR-PRODUCING COUNTRY

The soil and climate in the Peru-  
vian valleys are exceptionally favor-  
able to the production of sugar, and  
the average yield of four or five tons  
per acre is said to surpass that of  
any other sugar-producing country,  
with the exception of Hawaii.

# CLOSING OUT SALE

## —OF BEAUTIFUL—

# Residence Lots in Glendale

## At \$400 Each

We are instructed by the Kenilworth Land Co. to close out the remaining lots belonging to this corporation at \$400 each. These lots are located on Bur-chett, Patterson, Fairmont, Pioneer and Doran, at Pacific. They are located right in the heart of Glendale. Water, gas, electricity and telephones are al-ready installed, and cement curbs, walks and oiled streets are in and paid for. In our opinion the lots are worth nearly double the price asked, but our instruc-tions are to immediately close them out so that the corporation may be dis-solved. The property is free of all encumbrances and Certificates of Title are furnished by Title Insurance and Trust Co.

While the sale of these lots at such a price is against our best judgment, we are glad that, in opening our branch office in Glendale, we are able to offer to the residents of Glendale such an unusual opportunity either for a home or invest-ment.

## Edwards & Wildey Co.

Glendale Office, 139 North Brand Blvd.

Mr. E. P. Hayward, Manager

## ANNOUNCEMENTS ADVERTISEMENTS

### FIRST BAPTIST CHURCH

Ernest E. Ford, Pastor. Sunday School at 9:30. Special closing exer-cises of all departments. Preaching service at 11 a. m. Sermon theme, "God's Program." Young People's Meeting at 6:30 p. m. Tower, Superintendent. Preaching by Rev. Fred H. Ross at 11 a. m. and 7:30 p. m. Epworth League at 6:30. Subject, "The Art of Character Building." Leader, Miss Rosa Peck. All young people in- vited. At the same hour, 6:30, the Intermediate League, with L. C. Leeds, Superintendent, will conduct its second service. This is the new- est organization of the First Church and is one of great promise. Young people from 12 to 15 years are in- vited. Brotherhood, 6:30, a place of Prayer and Counsel for Men. Ar- thur G. Lindley, President. Sunday's musical program is attractive. Be- sides the large vested choir, under the direction of Miss Isabelle Isgrig, there will be special solos. Mr. Frank Cooper will sing morning and even- ing. Dr. Marple will be heard Sun- day evening. All are welcome. The church that "seems like home."

### PRESBYTERIAN CHURCH

"Burning Incense to Diana" is the subject for Sabbath evening, 7:30. No. 2 in "Old-fashioned Christianity" series. Quartette, "Rock of Ages" (Excel); Contralto solo, "Abide With Me" (Liddel). Mrs. Fannie Marple Retts; Quartette, "Give Me Thy Heart." Morning worship, 11 o'clock. Sermon topic, "The Great Servant." Music: Quartette, "Hark, Hark, My Soul" (Shelly); Duet, "The Angel" (Rubenstein); Mrs. Gibbons and Mrs. Retts; Quartette, "It Pays to Serve Jesus." The pastor will preach both morning and evening. Sabbath school at 9:30. C. E. meetings as usual.

### CHRISTIAN SCIENCE CHURCH

First Church of Christ, Scientist, corner Maryland and California ave- nues. Services Sunday at 11 a. m. The lesson sermon is from the Chris- tian Science Quarterly Bible Lessons. Subject, Sunday, Feb. 8, "Spirit." Sunday school at 9:30 a. m. Wednes- day evening testimony meeting at 8. Reading room, 135 S. Brand Blvd., open daily except Sunday and hol- idays from 12 to 5 p. m. Also every Tuesday, Thursday and Saturday eve- ning from 7 until 9.

### CENTRAL CHRISTIAN CHURCH

All regular services tomorrow. The minister will preach at both morning and evening services. Subjects, "The Secret of Spiritual Power" and "Blunting Our Moral Sensibilities." Special music by the choir.

### NEW THOUGHT

Service at Masonic Temple, Sun- day, February 10, at 11 a. m. Lecture subject, "The Thorn in the Flesh," continued. Sunday school at 9:45.

### EVANGELISTIC MEETINGS

A series of Evangelistic Meetings, beginning Sunday at 11 a. m., and continuing each evening throughout the week, will be conducted by Elder I. H. Crist of Florida, at the Church of the Brethren, Glendale Ave., and Park Ave. Social Song Service, 7:30. Preaching at 8. All are cordially in- vited.

### G. A. R. MEMORIAL SERVICE

G. A. R. Memorial Service will be held Sunday afternoon at the G. A. R. hall at 3 o'clock. Dr. W. E. Edmonds will give the address. Will the min- isters please take note and announce same in their pulpits Sunday morn- ing?

### TUESDAY AFTERNOON CLUB

The meeting will be held Feb. 10 at the Masonic Temple at 2:30. Pro- gram: Interpretation, "Rubaiyat," by Farah Anguize Sprague (in Persian costume), she in the "Joan of Arc." She renounced her veil and married an American. Prof. Sydney Sprague. As an Oriental Feminist she is desir- ably unique and added to this is her wide knowledge of Persian poetry and music. The rest of the program is a vocal solo, "Song of India," by Mrs. Robert M. Yost.

### NOTICE TO THE PUBLIC

The undersigned gives notice that he will not be responsible for any debts contracted by his wife, Maude Fellows, from this date, Feb. 7, 1920. Claude Fellows.

### BAPTIST BROTHERHOOD BAN- QUET

The men of the Baptist Church met in the basement of their church last Thursday night for a banquet and good time. After a bountiful dinner cooked and served by the social committee, post-prandial speeches were made by several of the men as follows:  
Toastmaster—Rev. Ernest E. Ford.

### AMERICAN LEGION VAUDEVILLE

Among the interesting features of the vaudeville to be presented by Glendale Post, American Legion, at the Palace Grand Theatre February 10th, is an original sketch offered by Joe V. Griffin and Miss Adah Stahl that is down to the minute and is replete with tense situations and dramatic possibilities. Miss Stahl, a

cousin of Rose Stahl of "Chorus Lady" fame, has not appeared before in Glendale, having but recently left Seattle where she has been appear- ing in stock. Her work with Mr. Griffin in this act is of a peculiarly difficult nature owing to a dual role feature.

Invocation—Rev. Geo. N. Ballen- tine.

"Get Together"—Mr. R. O. Wild- man.

"Who Is My Brother?"—Mr. A. L. Chandler.

"How the Men of the Church Can Help the Sunday School"—Mr. Roy L. Kent.

Music.

"The World Do Move"—Mr. Robert Robertson of Vancouver, B. C.

"A Man's Job"—Rev. J. H. Rowe.

"The Friendly Trail"—Mr. Jason Hidden.

Music.

"A Look Ahead"—Rev. C. W. El- liott.

"After Big Game"—Mr. W. H. Fowler, President of the Baptist State Convention.

At the close of the banquet the annual election of officers took place with the following results: President, Rev. C. W. Elliott; Vice President, Mr. W. W. McElroy; Sec- retary, Mr. G. F. Adams; Treasurer, Mr. A. McDonald.

### ACACIA SCHOOL PARTY

At the Acacia Avenue School Miss May Cornwell and Mrs. Wesley Bul- lis arranged a pretty little party in which all the pupils of the school took part, but in which the third grade pupils who are being promot- ed to Cerritos Avenue School were guests of honor. The Valentine motif dominated the affair and after the boys and girls had enjoyed a victrola concert and played games for a while, refreshments of heart- shaped cakes and punch were served. The graduates who were the hono- rees are: Aileen Beler, Robert Clew- ett, Edna Fischer, Mary Goto, Sore- nio Hugo, Dale Hurlbert, Alice John- son, Mary Clare Morgan, Estella Oberdick, Otto Sprenger, Edward Strong, Miriam Wallace, David Wemyss and Margaret Yoder.

### PRESBYTERIANS OBSERVE BIRTHDAY OF C. E.

The senior and intermediate Christian Endeavorers of the Pres- byterian Church have been observ- ing the thirty-ninth anniversary of the founding of the order all this week and will close with the great service of Sunday evening. Last night a regular birthday party was given in the Sunday School room of the church, at which a very interest- ing program was put on. There was a birthday cake with its thirty-nine candles. More than forty were pres- ent.
